# Accreditation 2025

## Reinstate your Practitioners' Membership

Since 1 April 2025, Drawing and Talking accreditation and Membership has become an essential part of practice.

This ensures every Practitioner in your school or setting delivers interventions to the highest safeguarding standards, backed by ongoing CPD and a national register of accountability.

## Why accreditation matters for your school:

- ✓ **Supports Ofsted's 'Strong' Expectations:**  
Demonstrates inclusive, ambitious personal development, robust pastoral provision, and a strong professional culture.
- ✓ **Evidence for Inspection:**  
Six hours of logged CPD per year, inspection-ready and aligned with the Schools Inspection Toolkit 2025.
- ✓ **Safeguarding Assurance:** Every accredited Practitioner holds a Unique Membership Number on our public register, giving schools and inspectors confidence in accountability.
- ✓ **Supports SEND and Inclusion:**  
Practitioners are trained and supported to deliver interventions adapted for pupils.
- ✓ **Consistent Quality Nationwide:**  
Protects the integrity of Drawing and Talking practice, ensuring safe, reliable outcomes.
